

Lord Aylmer Schedules – Online Teaching and Learning

Please see schedules below. Check the bottom of the schedule for the teacher's name to ensure you are following the correct one.

Definitions

Teaching Time

is time in which the teacher will be engaged in regular instruction online with the class.

Academic Support Time

is time designated for independent work, or remedial support as needed and identified by the teacher. If completed assigned work, it can also be designated as a break for students. Academic Support Time may be organized in small groups or may involve a continuation of the lessons for the entire class, as needed. The teacher will let students know what they are to do.

Specialist Schedules

Specialists are staff members who teach French Second Language, Music, Physical Education, Drama, and Art. Their teaching periods are different for every class group and **are not shown in the schedules** below. Your child's homeroom teacher will let you know when these lessons by specialists are to take place. For the online schedule, specialist teachers will continue to teach during the regular periods in which they usually teach when we are in school. ie: If Mr. Contreras is teaching a class on Day 2-Period 3 on our regular cycle, he will be in the same block for the online schedule. However, the duration of the lesson (screen time) with students will be reduced.

Individual Work

Independent practice/homework assigned according to Ministry guidelines

Kindergarten: 24 minutes of individual work (homework) each day

Cycle 1: 35 minutes of individual work (homework) each day

Cycle 2: 1 hour of individual work (homework) each day

Cycle 3: 1.5 hours of individual work (homework) each day

NOTE:

Please note that Tuesday morning may be used by teachers to help ensure technology is set and that students and parents are able to log in properly. Your child's teacher will confirm ahead of time when classes will start but everyone should be prepared to begin online learning as of period 4 after lunch.
