

Re: Postponement of Graduation

Sunday, June 20, 2021

Dear Parents / Guardians, Graduates and Members of Staff:

Unfortunately, we are going to have to **postpone tomorrow's graduation** and move it to the planned rain date on the following day, **Tuesday, June 22nd**. We've been following the weather forecast since Friday in hopes it would change. Unfortunately, we are still expecting rain and thunderstorms all day.

We know many of you have made special arrangements to attend on Monday and wanted to give you more notice to adjust your schedule than if we just were to send a notification tomorrow morning. Hopefully, this extra time will help you with rescheduling.

The graduation stage walk will therefore take place on **Tuesday with the same time slots** maintained for each of our graduates. We look forward to seeing you on Tuesday.

Respectfully,

Eldon Keon
