

# GRADUATES PICTURE DAY 2023-2024

Dear Parent(s) & Guardian(s),

We would like to let you know there will be a graduating session for 6th grade students on April 23, 2024 at your child's school.

Only one setup will be available. Three (3) graduates poses will be taken (one with gown without mortar\*, the other with gown and mortar and the last one, more relaxed, still with the toga and mortar).

Photomania provides all the accessories necessary for the session (white collar, gown, mortar, diploma and flowers).

It is important **not** to wear a kangaroo sweater this day, due to the fit of the gown. High hairstyles and accessories are to be **avoided** seeing the wearing of the mortar.

Before the photo session, **take the time to consult our site to see examples of the poses** that will be taken. To do this, click on "PICTURES EXAMPLES" at <https://photomania.ca/en/pages/elementary-school> and enter the code **EXEMPLE\_F**.

Please note that this code is not used to view or order your child's photos.

**Important:** For absent students, the close-up pose taken in the fall will automatically be used for the graduating class mosaic. It cannot be changed from one of the retake.
