To: Parents of children aged 4 to 7

Subject: Vaccinating your child

Dear Sir or Madam,

Is your child between the ages of 4 and 7 and going to school in a few weeks? Did you know that vaccination is part of the regular schedule in the Quebec immunization protocol starting at age 4?

The CISSS de l'Outaouais invites you to come and get your child vaccinated at a special event on **September 14, 2024, at 75 Boulevard de la Gappe**, in Gatineau.

This will ensure your child's vaccination status is up to date for the start of school. There will also be interesting activities organized on site for you and your children!

Vaccination is one of the most effective prevention methods for protecting your child from multiple diseases and reduces the transmission of these diseases among the general population.

We invite you to book an appointment to get your child vaccinated at the September 14 event via *Clic Santé*. Please select "Youth Vaccination Event." Please bring any vaccination records you may have.

To book an appointment: <https://clients3.clicsante.ca/5043/take-appt?unifiedService=184>

*** Please note that regular vaccination appointments are still available
at the CLSC in your area. ***
