

JANUARY 30TH 2026

**L.A. SR Campus will enjoy an assembly from WHEELCHAIR BASKETBALL CANADA
Our graduating classes will also be participating in some activities with the Wheelchair Basketball Canada Representatives and get some hands on experience with the sport**

Wheelchair Basketball Canada's Schools Program is designed to educate teachers and students about the sport of wheelchair basketball and encourage youth, with or without a disability, to be physically active. The inclusive program generates awareness for parasport and promotes positive attitudinal change toward disability.

Le programme scolaire de Basketball en fauteuil roulant Canada est conçu pour informer les enseignants et les élèves sur le sport du basketball en fauteuil roulant et encourager les jeunes, avec ou sans handicap, à être physiquement actifs. Ce programme inclusif sensibilise au parasport et favorise des changements positifs d'attitudes à l'égard du handicap
