

Lord Aylmer Elementary Code of Conduct 2026 – 2027

Approved by GB on: April 1, 2026

Please note that throughout this document staff also includes administration

Rationale:

In order to promote better understanding by all members of the school community, the staff, parents, and students of Lord Aylmer Elementary School, we have adopted the following statement of educational and safety responsibilities and rights as the basis of our Code of Conduct.

A school is a place that provides equal learning opportunity for all students. In addition to the regular curriculum, good citizenship must be taught and demonstrated. Students are expected to learn responsibility for rules and regulations adopted for the benefit of all, and to demonstrate appreciation for the rights of others.

The Code of Conduct ensures that all students, parents/guardians, teachers, and staff have the right to feel safe in their school community. The support of parents/guardians for this Code of Conduct is essential to its success, as we work in partnership with our school community and share the same values and expectations. Therefore, the standards of behaviour in the Code of Conduct apply not only to students, but also to all individuals involved in the school system (parents/guardians, volunteers, teachers, and other staff members) while on school property, on school buses, or at school authorized events or activities.

Discipline Policy

At Lord Aylmer Elementary our first approach is always to work with the student and parent(s)/guardian(s) to find the source of the frustration that is causing the troubling behaviour. It is important to note that parent/guardian consultation will take place whenever the misbehaviour is of a serious nature, when required.

However, depending on the behaviour, a range of consequences are available to school personnel which should provide the flexibility necessary to meet the wide range of situations and individuals that may be encountered. A student who does not meet the expectations of this code of conduct will be dealt with fairly and consistently by the staff. Our aim is to help the student deal with the frustration and teach them to improve their behaviour. The rights of the individual as well as the collective rights of school and community will be considered. The following consequences are possible after a breach of the code of conduct:

Consequences will not necessarily be imposed in sequential order but will depend greatly on the severity, frequency and duration of the behaviour and **at the discretion of the administration or administrations designate.**

- Discussion with the student by a staff member to talk about the problem in order to avoid another instance.
- Assignment of a specific task to help the student understand the expectations.
- Detention of the student, usually to do classroom assignments to make up for lost or wasted instructional time.
- Consultation with parents/guardians regarding the student
- Withdrawal of privileges where the student loses the opportunity to participate in activities where appropriate behaviour is essential.
- Restitution or community service where the student loses freedom at recesses and/or lunch time and performs tasks to enhance the school environment, or to repair or replace damaged or lost property.
- Withdrawal of the student from the class setting to another workplace within the school for a specific length of time.
- Suspension from school where the student does not attend school according to the authority of the Education Act.
- Intervention of or referral to Resource personnel (e.g., Resource teacher, Special Education Technician, Transition Agent etc.).
- Involvement of or referral to outside agencies e.g., CLSC, CISSSO, Police, Youth Protection.
- Expulsion by the School Board from all schools under its jurisdiction.

School Rules and Regulations

School Access:

The playground is supervised 15 minutes before the commencement of the school day (7:45am). Adults will be there to monitor students at this time only. Students arriving before 7:45 am will be sent to daycare and charged the appropriate rate. In the case of inclement weather, the supervisors will permit the students to enter the school building upon arriving at school. Additionally, school ends at 2:40pm (JR) and 2:45pm (SR); a grace period of 15 minutes will be given to pick up your child. After this, your child will be sent to daycare and charged the appropriate rate. *In the case your child is attending an extra-curricular outside of normal school hours and has a designated pick-up time; a grace period of 10 minutes will be given and after this your child will be sent to daycare and charged the appropriate rate.

All parents/guardians of students and visitors to the school must enter the building through the main entrance **ONLY**. All visitors must report to the office and receive and wear a visitor's pass before proceeding to any other area of the school. Parents/guardians collecting students must wait in the lobby for their children.

Attendance and Punctuality:

Punctuality is important and it is the responsibility of our students to be on time for school. Supervision starts at the JR Campus at 7:45am, and at the SR Campus at 7:50am. No students are to be dropped off or left unattended on school property before supervision starts. All students entering after 8:00am (JR) or 8:05am (SR) must report to the office with a guardian to verify their attendance. Requests for early dismissal (i.e. medical appointment) require parent/guardian contact with the office. **Any changes to end of day routine must be called into the office before 1:45pm.**

Absences:

Frequent absences without justification will result in administration contacting parent(s)/guardian(s). This could also result in the contact of outside services.

Appropriate Dress:

- Students, staff, and parents/guardians when volunteering at school, will not wear clothing that promotes the following: inappropriate language, vulgarities, discrimination.
- All students, staff, and parents/guardians volunteering at the school, have the right to dress in a manner consistent with their gender identity or gender expression.

- For safety reasons, students should have proper footwear at school for inside the building and separate footwear for outside the building

Failure to comply with the dress code will result in a request to change. Continued failure to comply with the dress code will result in a request for parents/guardians to meet with the principal to discuss the problem. All dress code violations are at the discretion of the administration and/or administrations designate.

Bullying and Harassment:

We believe that all students, teachers, staff members, and parents/guardians have the right to freedom from harassment and/or bullying at school. We understand the detrimental and serious effects which may result from derogatory comments or conduct based on race, gender, orientation, disability, cognitive differences, family status, ethnic origin, citizenship, ancestry, age, etc. These behaviours undermine our school environment as a whole.

Definitions:

Bullying: The word “bullying” means any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes.

Buses and Bus Behaviour

Transportation Services are a privilege and not a right. The safety of the students on the school buses is the primary concern of the bus drivers and the school. The behaviour of the children on the school bus is consistent with the behaviour expectations while at school. Students must adhere to the following requirements in the interest of safety for all passengers. Failure to do so may lead to the suspension or removal of riding privileges.

- Remain in their seat at all times
- Follow the driver's instructions
- Use polite language
- Avoid distracting the driver by creating unnecessary noise or uncooperative behaviour
- Refrain from eating and drinking on the bus
- Demonstrate acceptable behaviour which respects the rights of other passengers and the driver
- Ensure that all personal belongings fit within their backpack (lunch bag may be carried separately)

The driver is at all times in complete charge of the bus and passengers. If any of the above outlined code of conduct rules are violated, the driver will report the problems to the Principal.

If a parent/guardian has an issue with an incident that has happened on the bus or with the driver, they are to speak directly to the administration, or the administrations designate.

Summary and Conclusions

The Code of Conduct is required to ensure that students, parents/guardians and staff all understand the standards we expect at Lord Aylmer Elementary School. The discipline policy, however, must be flexible enough so that we are positioned to be fair and sensible in our relationships with students and others. It is not our intent to have rules for everything. Appropriate consequences are needed for inappropriate behaviour. We all want our students to become all that they are capable of becoming: to be successful and happy in their lives, to make correct and acceptable choices, and to live productive and fulfilling lives.

We sincerely hope that these words help to communicate and to clarify our Code of Conduct.

Every student has a role in helping to make our school a safe and happy place for all. Please discuss the expectations outlined in the Code of Conduct with your child(ren).

Thank you,

Lord Aylmer Elementary Staff
